### PROFILE

I'm a passionate Frontend Developer with a focus on React, specializing in building modern, responsive, and user-friendly web applications. With hands-on experience in remote and local freelance projects, I have honed my skills in creating clean UI, writing efficient code, and delivering scalable solutions. I am seeking mid-level remote freelance opportunities to contribute to impactful projects and continue growing as a React developer.

### WORK EXPERIENCE

#### Remote & Local Freelance Developer - 2024 - Present

- Developed and maintained client websites and web applications using React and Tailwind CSS.
- Delivered responsive, user-friendly, and visually appealing interfaces for small businesses in the local market.
- Collaborated with clients to define requirements, implement features, and ensure timely delivery.
- Built and showcased personal projects to highlight skills in modern frontend development, UI/UX, and interactive design.

#### PROJECTS

- Modern React Project - Built a modern, responsive web application using React and Tailwind CSS.
- Virtual IR Project - Developed a dynamic frontend application showcasing React skills and Framer Motion animations.
- Semi E-commerce Project - Created a functional e-commerce interface using React, Tailwind, and basic state management.
